MAY 2024

Bob Long's Garage Tour

Bob put on the first car tour of the season for the Early Ford V8 Club. It was a garage tour and they went to a garage on the South Hill and then Bob led them out our way to have pictures taken under the historic tunnel by our house. It ended at our house/shop with a BBQ. I think a good time was had by all and it was so fun to see everyone and all of their awesome cars and trucks!

Thanks to our son-in-law, Brent, for flipping burgers and dogs for us! Thank you to everyone who came and brought a side dish or dessert.

Another big thank you to one of the most important persons of the day! Gloria Warrick who took all the awesome pictures under the tunnel. Thank you Gloria! Tunnel pictures will be available for you to purchase. Can't wait to see the finished product!

New Members and Guests: Mike Sumter is a guest and will become a member. Carol Helman is a guest with plans to become a member. Welcome! We also had Doug Dalton who is a cinematographer. His company is ST6. Washington has passed a new film incentive to have movies filmed in Washington. He is working a film being done here in Spokane and is the "Picture Car Coordinator." He is looking for cars to be in the movie. Right now, they need mid to late 50's to early 60's cars. They will rent the vehicles and the owner has the say on if it can be driven or not. The owner can even drive it in the film or have a stunt person, with car knowledge, drive it. He said no cars will be hurt while it is on set. The owner can choose to drive it to the set or have it trailered to the set. Rental fees will depend on if they have to trailer it and the budget of the film. He is working on building a list of names and contacts for these cars.

They are shooting all over Spokane, Tekoa, Medical Lake and Metaline Falls for this movie. One of the previous movies he has worked on that was filmed in Spokane is Dreamin' Wild. If you would like your car in a movie, please give him a call. His company is ST6. He left a stack of cards at the meeting.

COMMITTEE REPORTS

Tours:

- Bob thanked everyone for coming on the garage tour and said that it was a success because of the members that came out in their cars. Bob brought pictures that were taken on the garage tour. He had them developed at RR Custom Labs on North Monroe. he said they will keep the pictures for one year and you can order whatever size you like. They do have an order number that you can use and the info was with the pictures. If you were not at this meeting, Bob will get the pictures to you at the next meeting. Thanks to Tim Lane for letting us visit his garage. It was a fun day. Everyone thanked Bob and Annette for the tour and kicking off the tour season!
- June 8th is the Fairfield Parade. There was a sign sheet that went around. If you were not at the meeting and want to be in the parade, please contact Chuck McVey or Judy Little to get on the list.
- Sam Kohlmeier reminded us that June 15th is National Drive Your Early Ford Day. Sam suggested maybe some of us gather to drive somewhere, drive our cars and have lunch somewhere. A drive to CDA and Higgins point was suggested. Bob will check more into this and see what we can do.

If you know of any errors, please contact the new editors so that they can be corrected going forward. It was noted that some of the corrections are noted on the online edition.
