Dear Club Members,

Thank you so much for a good meeting and turn out.

We would like to welcome our new members Frank & Gail Wipurd and Dave & Dawn Voelker. Please help me make them feel welcome.

News from
President
B.J.
Glander.

My special thanks to Pat Shea for a great meal at my Cataldo tour. If anyone needs a catered meal, call Pat. The weather was good and I thank Jim and Carol Lanstaff so much for the wonderful time we had at their home and all they did to make it a really nice day. People like them are what makes our club so special.

Thanks to all who have signed up for the swap meet. I'm looking forward to the picnic at Norma & Larry Skidmore's. They have a beautiful back yard. It's so nice of them to open it up to us.

See you all at the next meeting on July 1st.

Our thoughts and prayers to Jerry Tefft for his loss of Edna. I hope he knows we are all here for him.

Til next time, happy summer and lots of miles on our cars.

Your Pres, B.J. Glander

Little Known Story About Henry Ford

As we all know, Henry Ford was a millionaire. He used to come to office in very simple clothes (average). All of his employees wondered why

their employer, who had lots and lots of money, was coming to the office dressed so simple. One day his secretary asked him, "Sir, you have enough money to buy all the clothes in this world yet you are so simple dressed." Henry Ford gave a smile and replied, "Dear, everyone here knows that I am Henry Ford. Why should I be worried about showing people that I am Henry Ford by wearing lavish clothes." The secretary got her answer. After a few months, Henry Ford was about to go on a world tour. He went to different place, but the dressing was still the same. Then one day again the secretary asked him the same question, "Sir, I don't think many people know you here, so you should change your dressing sense." Henry Ford again gave a smile and replied, "Why should I be bothered about dressing for people who don't even know that I am Henry Ford." The secretary got her answer again.

Bill Schweiter said he read some good news in the paper about one of our members. Derek Burke was Valedictorian at Mt. Spokane High School. This is the same school that Bill retired from. Derek will be driving the refreshment cart and helping in other areas at the swap meet, so Bill gave his parents a V8 hat to give to him.

Nominating Committee: Judy Little–Not present.

Property Accountability: Jackie Feldmiller–No report

Roster: Gary Davis–Let him know if you have any changes to the roster.

The July luncheon will be at Renee Shawgo's home on July 19th at 12:00 noon.

Norma Skidmore has set up the August luncheon to be at Heavenly Tea House in Hillyard on August 16th. This will be a lunch, not tea.

Swap Meet: Bob Long–The swap meet vendor registration is coming in about equal to last year. He is getting more phone calls now.

More people are still needed on the sign-up sheets. We don't want to have to hire people this year. Check out the sheets after the meeting and step up to volunteer...it is the right thing to do for our club.

He asked that members take some flyers and start putting them out everywhere. Tell everyone you know about it too.

Chuck Little is doing a great job on advertising. He talked to Mitch Silver and Gus Johnson and got \$2000 more from each of them for advertising.

Set up: Doug Assay–This will be on Thursday, July 12th, at 7:00 am. There will be 8 sections this year instead of 5 so it should

MAY GENERAL MEETING MINUTES cont...

be a little easier. They are usually done about 11:00 am or so. Vendors will be able to start moving in at 11:30am or 12:00 noon.

Show & Shine: Larry & Caren Easterly—This is on Saturday, July 14th. Larry is still in need of people to help park cars and do the judging. Please call him if you are able to help. There are only first place awards this year instead of first & second so judging should go faster.

Admissions: Renee Shawgo—Vets will not be free anymore. Children 12 & under are free.

Admission on Sunday will be by a charitable contribution. Be thinking about who we should contribute to this year.

Swap meet flyers will be available at the admissions ticket taking table. They contain a lot of information.

Beverage Cart: Kelly Pemble—can still use some more volunteers for stocking and driving the beverage cart.

Swap Meet Picnic: Norma Skidmore—Instead of the pizza party on Sunday after the swap meet there will be a picnic at the home of Norma & Larry Skidmore. Their address is 2020 S. Sunrise Road. It is a yellow house with a yellow barn. Bring your chair. Sodas & water provided; bring your own drink if you want something else.

OLD BUSINESS:

Thanks to all for the turnout for the Cataldo Tour. Special thanks to Pat Shea for the food.

2019 Western National Meet: Annette Long—This meet coincided with the Hershey Swap Meet. They are now looking at having it September 27 - 30, 2021. They are still looking at Spokane or Coeur d' Alene for the event.

Mack Cain said that about three months ago, they were discussing overdrives for early Fords and someone said they had some cyllanoids. Who was that person??

NEW BUSINESS:

Tom Dailey thanked those people who came to the Chewelah Spokes & Chokes Show.

Butch Glander reported that Dick Jahns is in rehab in Coeur d' Alene. He had a pacemaker put it but it became infected and they had to remove it.

Make sure you have your National dues paid, especially if you are helping at the swap meet

Caren Easterly gave a report on the upcoming North Idaho Classic Rod Run. There will be a free Friday night cruise and outdoor movie. Saturday is the car show, swap meet, various vendors games for kids & adults and live music by the River City Pickers from 3:00 pm - 5:00 pm. Information is at www.northidahoclassics.com. Only \$15 to register for the show.

There was a sign-up sheet for the August campout & picnic meeting on August 3, 4, & 5. Bring your campers or tents and spend the weekend.

The next general membership meeting is July 1, 2018 at 5:00pm at the Senior Center in Post Falls.

The next Board of Directors meeting is June 21, 2018 at 7:00 pm at Mirabeau. Meet 5:30 pm - 6:00 pm for dinner. All swap meet coordinators are urged to attend.

Drawings:

- Old Car Drawing: Mack Cain won \$25
- Membership Drawing: Sue Hicks won \$25

Motion to Adjourn was made by Gail Whitman and seconded by Wes Pemble. Motion passed. Meeting was adjourned at 5:55 pm.

Respectfully submitted by
Caren Easterly, Secretary
Early Ford V8 Club

Attention Club Members

Thank you to everyone who has already signed up to help at the swap meet. The success of the swap meet is dependent upon volunteers. Everyone in the club should sign up for at least one gate duty or other position. Having all members volunteer helps the club and prevents some members from having to work extra shifts. If you haven't signed up yet, sign up sheets will be available at the general meetings or contact a gate chair. To see available shifts, see the sign up sheets on page 5 of this newsletter.

President's Tour: May 19th by Chuck McVey

The morning of May 19th we met in Idaho at the gas station on 15th Street. Everyone was on time and we got out of there about ten minutes late. I forgot to take pictures of the cars and people wondering around chatting with everybody. We need to thank the club president for the cookies she made. If I'm right, she was up late baking.

Upon arriving at the Mission, I was looking for a place to park the cars. Not much parking for a lot of cars arriving all at once. From the pictures, we did manage to park on the road that leads up to the Mission and Parish House. No parking on the grass.

The Mission, or the Sacred Heart Mission as it was once called, has a great story behind it. It was my first time visiting there. I did do some reading of the Parish House and Mission.

The first Mission was along the St Joe River in 1842. The Mission flooded a number of times. In 1846 it was moved to the current location.

The Mission is around 90 feet high and 40 feet wide. The six square upright timbers in front are 28 inches square and the two by the alter are three feet by three feet. All are more than 25 feet long, and were hewn and planed with a broad axe. Wooden pegs were used throughout the building to secure all structural members together.

In 1850, the church was taken over by Jesuit Missionary Antonio Rovalli, who began designing the new Mission. He made sure that the building was built by the Indians themselves. It was built using the Wattle & Daub method (an interweaving of rocks and twigs overlaid with clay that is used in building construction) and was finished three years later.

In 1961, the Mission was designated a National Historic Landmark and in 1966 it was put on the National Register of historic Places.

STATE PARK

The Property has two cemeteries, a nature trail and a visitor's center.

The sight became OLD MISSION STATE PARK in 1975 through a long lease with the Roman Catholic Diocese of Boise.

PARISH HOUSE

The parish house was built around the same time the Mission was built in 1850's. The upstairs was used as sleeping quarters, down stairs was used as a kitchen,

office and chapel. The chapel was use mostly for daily Mass. Fires destroyed two early parish houses. In 1880, miners, farmers and military personal came to North Idaho.

NEW PARISH HOUSE

In 1887, carpenters set frame work for building the new Parish House. Wood came from Spokane. The hardware was purchased locally. The builder (Brother Achilles Car Parqno) and two craftsmen completed the house exterior by October of that year. Hardwood floors, chimney and other finishing touches had to wait until spring of 1888. The final coat of lath and plaster was applied in September.

In 1909, limited financial resources forced the Jesuits to all but abandon the parish House. In 1924 the Society of Jesus deeded the Parish House and other mission property to the Catholic Diocese of Boise Idaho. The Parish House was moved 50 feet further east to protect the church from fire. In 1973 to 1976 the State of Idaho undertook the complete restoration of the Mission as a National Bicentennial project spending \$310.000. The Mission was painted the original color of pale yellow. In 1986, restoration of the Parish House was started and was opened to the public for viewing in 1987.

If a person walks the trail around the grounds he/she can see the old river channel where the steam boats docked. At the Visitor Center a person will find lots of history; The Grist Mill turned by horse's, the south and west cemeteries, etc. The Center has a short video for viewing, as well as exhibits of the Coeur d' Alene Indians and the Jesuit Missionaries.

JIM AND CAROL LANGSTAFF

We left the Old Mission for the Langstaff's for lunch. Jim and Carol are great hosts. I know everyone was glad to see them. Thanks to Pat Shea, he did a wonderful job on the BBQ.

Ed Rutledge drove himself over to Jim and Carols. He drove his new Ford. We had eight old cars, Bob Long won the drawing, but turned it down. We had someone pull a new number and Mack Cain won.

A nice day, good friends, and good food. The V-8 club thanks our president for a wonderful tour.

1948 Ford & 1955 Ford PU

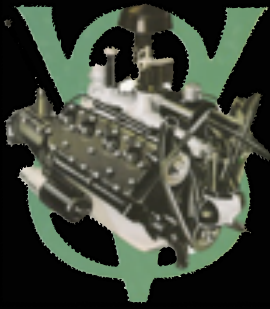

- **1948 Ford convertible** with 34,000 original miles. The car has been in my family for 33 years and is mostly original, but with minor modifications done in the early 1980's. It is a black car with black Haartz cloth top and rare all original tan interior. Additional options include under hood light, windshield washers, Ford Script fog lights and back up lights, radio, heater, gas fill guard, and clock. The car has never been wrecked or had rust and the body is perfect. The mostly original paint is still shiny, but is getting thin. It runs and drives very well. It was driven on the fall tour last year. This car has been cherished all its life. \$32,000.
- **1955 Ford F1 Pickup.** Beautiful black California pickup with exceptionally straight body and show paint. This truck has only 23,000 miles since restoration of a rust free, never commercially used truck. 351 C / AOD overdrive automatic transmission, TCI power rack and pinion front suspension with 11" disc brakes, vintage air, power brakes, dual exhaust, tubbed rear fenders, oak bed, custom fiberglass lockable bed cover, remote controlled stereo, near new tires and brakes, big aluminum radiator, tinted glass, custom cab turn signals, nine inch rear end, perfect chrome and stainless. The truck is reliable and could be driven anywhere. \$29,000.
- For more information on either of these vehicles contact Doug Asay (949) 244-9478.
